TO WHOM IT MAY CONCERN

Assistance for Leadership Character Development Institute (L-CDI) of Cambodia

The Leadership Character and Development Institute is a local NGO registered with the Cambodian Ministry of Interior (Registered No. 78) as per Annex A). The main objective of L-CDI is to train the poor and economically disadvantaged Cambodian youths to develop their skills for better and improved productivity in the employment market.

The Embassy of Malaysia supports the initiatives undertaken by L-CDI which provides leadership as well as character training for the Cambodian youths, especially in the provinces. Through education and proper training, we hope that the Cambodian youths will be able to contribute towards the economic development of the country.

In this regard, we request your kind generosity and consideration in offering some support for L-CDI, i.e. financial assistance, drinks, T-shirts, building materials, canvas, etc., to enable the Institute to continue and expand its community services.

A handwritten signature in black ink, appearing to read 'A.H. Anuar', with a long horizontal stroke extending to the right.
